

Do you want the  
chance to travel all  
over the world?

On the YFC website you can find out all you need to know about the discovery trips but basically...

- You can visit homes all over the world.
- You can travel as part of a team or group.
- You can get the chance to help with community projects.

# How do you get a trip?

- Fill in a form online
- Attend the interview day
- Keep your fingers and toes crossed!!!!

Is it expensive to travel  
with YFC?

Costs vary - but usually the  
only big costs are your  
flights and a small  
administration fee.

Now to the interesting bit!!!

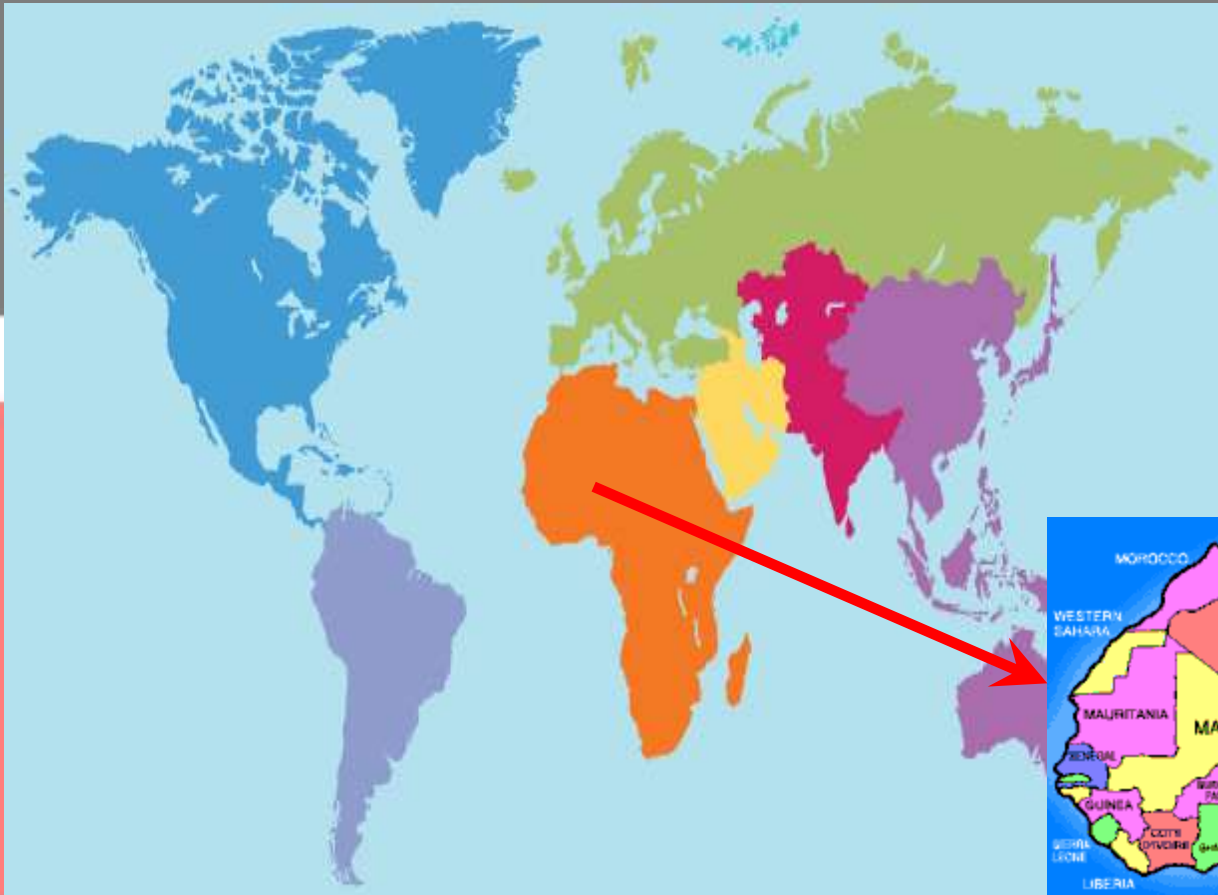

My amazing  
discovery  
experience

# Kenya Homestay

Discovery 2010

Kenya

# 12 very lucky young farmers

**Stayed in a small Kenyan  
village...**

We all stayed with lovely families and met lots of fantastic people...

The days were filled with new experiences...

We visited schools and a dispensary...

We tried lots of new things...

**We enjoyed seeing Kenya... It is a very beautiful and totally different country**

**We even went on a safari...**

And went to a random Kenyan Pub  
(or a better description would be a  
shed that served beer!)

While most people went home...some of us decided to stay on a little longer...

But all too soon the end came...

**Would I recommend  
this trip to others?**
