Royal Highland Show 24-27 June 2010

It was really sad to leave our host families where we were made to feel so welcome, but the Royal Highland Show was to be the highlight of the trip.

The Royal Highland Show is held by the Royal Highland and Agricultural Society of Scotland, founded in 1784 to promote the regeneration of rural Scotland. Occupying almost a three hundred acre site right next to Edinburgh Airport.

The Royal Highland Show is the Biggest Event in SAYFC Calendar with a range of competitions happening from Stock Judging to Tug of War it was great to be apart of it and watch some of the people we had met along the way compete against other clubs.
