

Limestone downs new Zealand

**The best experience I have
had the opportunity to do
thanks too N.F.Y.F.C.**

What you will experience on this trip!

- Whilst on this trip you will get the chance too experience so many different things!
- most of us wouldn't normally get the chance to do due to our typical farming life style!
- You will get the opportunity too see some of the most beautiful scenery on a daily basis whilst working!
- You will meet some amazing people who are very welcoming!
- You will also get the chance too experience some of the best hunting and fishing the world can offer!
- For the boys you will even get the chance too play rugby with local rugby club (ONEWHERO)
- You will get the best experience of new Zealand sheep and beef farming!

This is just 1 of many amazing views at limestone downs!

You might also find the cattle are very relaxed! And never short of grass!

This picture was taken during crutching there were just over 4000 ewes in these holding pens!

Thank you for listening!

- Any questions please don't hesitate too ask!
